Understanding the Adolescent Project (UAP) -
Stress Management Workshop

Message from P.6 graduates

Leaving primary school has to happen. One gate closes and another opens on to a new path. There's always a new beginning after every ending. Primary school has taught me so much, such as training me to be more mature and helping me to improve academically. It helped me think beyond my ability. I will miss the fun we had with each and everyone of you. I will miss the secret sharing with my closest friends and all the times I had with everyone, no matter the good and the bad. I thank all of my teachers for helping me throughout my primary school years.

All the primary six students will graduate this year. Our places will be taken by newcomers. We say goodbye to the students currently studying here and welcome the new ones to enjoy the teachers' guidance in grooming them to higher levels. We take pride in the principal, the teachers and all the students who have made every moment here educational and enjoyable with a happy home atmosphere. These six years have honestly been amazing. Thank you.

6L Franchesca

LI SING TAI HANG NEWSLETTER

Message from Principal

As we approach the end of the school year, we would like to highlight some of the things that we have accomplished this year to further enhance students' academic and communication skills. For example, we have organized an International Day, Project Learning Day, post-exam visits, Mathematics Day, Music Talent Show and the ICAS English Reading and Writing competition to strengthen our students' academic skills.

Another area that we have focused on this year is improving students' presentation skills. I have seen firsthand that many of our students have improved their communication skills and have become confident speakers in presentations as a result of our teachers' hard work.

Finally, I would like to congratulate the P.6 students and wish them every success in their new schools. Also, we look forward to welcoming the new P.1 students next year. Thank you.

Ms. Shirly Yip Siu Lai
Principal

Multi-intelligence Activities

CYC Groups did the activities with the instructor.

Students in Melodica Group practised seriously for the ECA performance.

Recorder Group

Japanese Learning Group

Students in Drawing Enhancement Group preparing crafts for Fathers' Day.

Debate Team

Cub Scouts

Mathematics Enrichment Course

Chinese Poem Group

Table Tennis Group

P.1 students worked very hard on typing the words in P.1 Typing Class.

School Care Subsidy Scheme and Care & Concern Concert

20 students participated in the "School Care Subsidy Scheme"-Care & Concern Concert to extend their care and good wishes to the underprivileged, through musical performances. They had a great time with the elderly!

Choir members performed a song called "Impossible".

Smart Kids Group performed different kinds of juggling on the stage.

Violin Group and Melodica Group performed on the stage.

3S Farrel performed the English poem, "The Price of Fame".

Law for Students - School Visit Programme 2013-2014

Dennis Kwok is a member of the Legislative Council for the legal functional constituency and a member of the Civic Party

Students are the future of our society. I have always believed in the great value of raising their social awareness and fostering their sense of belonging through discourse on social issues. That is why my office launched the School Visit Programme last year, with the aim of exploring issues relating to the Hong Kong legal system and the rule of law with primary and secondary students.

I would like to extend my sincere thanks to Li Sing Tai Hang School for giving us an opportunity to hold the 'Law for Student' course for its students. I was deeply touched by the students' enthusiastic responses and questions during the lectures. I was even more impressed that in the span of just four sessions, students were able to grasp the basics of presenting arguments and deliver simple and effective opening and closing submissions to a moot court.

A huge thank you to the Honorable Dennis Kwok and Barrister Peter Yu for organizing the programme for our students.

We hope that the programme will continue to serve as an opportunity for students not only to sharpen their debating skills, but also to understand more about our legal system and the importance of the rule of law. I would like to say thank you to the students at Li Sing for giving me the opportunity to hear such a high quality debate! I look forward to sharing with Li Sing students again in the future.

Honorable Dennis Kwok
Legislative Council Member (Legal)
