

Post-exam Visits

The post-exam visits enhance and enrich students' and parents' knowledge about Hong Kong society. Parents and students visited the Zoological and Botanical Gardens, Happy Valley Police Station, The Hong Kong Jockey Club Drug InfoCentre, Legislative Council, Dr. Sun Yat-sen Museum, Civic Education Resource Centre, Hong Kong Science Museum and Hong Kong Heritage Museum.

P2 students visited Happy Valley Police Station.

P3 students visited Hong Kong Science Museum.

P3 students visited Ocean Park.

P6L Raj acted as the President of the Legislative Council in the role play activity.

P6S students visited the Legislative Council in the Government Headquarters.

P3 students used the learning tools in Hong Kong Science Museum.

Students observed penguins in Ocean Park.

P1 students visited the Zoological and Botanical Gardens.

International Day

Our school is a multi-cultural primary school consisting of different nationalities where the uniqueness of each culture is valued and cherished. This year, our International Day showcased multi-culturalism in our school.

The Day kicked off with a variety show where students sang, danced and performed a fashion show. Professional dancers were invited to perform traditional Indonesian and Indian dance. There were food counters selling traditional snacks from Thailand, the Philippines, Indonesia, Hong Kong, Nepal, Pakistan and India. Some non-government organisations hosted booth games, a seminar on parenting and provided a free health check up.

We would like to express our gratitude to all volunteers, organisations, parents and students for your assistance. See you all again on the International Day next year.

Chinese Dance

Parents came to support their children.

Chinese dance performance.

P.5 Parent workshop for "Secondary School Places Allocation"

Parents learnt about the Secondary School Places Allocation System in order to prepare them for the process next year.

The guest speaker, Mr. Kyle Sze, from Hong Kong Christian Service

There was a special workshop for Hindi, Nepali and Urdu speaking parents.

Project Learning Days

In order to enhance students' learning, the school held a Science Exploration Day and a Career Project Learning Day on 27th and 28th January, 2014. Visits were arranged for P.4 pupils with the aim of arousing their interest in community-related issues. Project learning discussion sessions were held, in which pupils were able to learn from one another and share their experiences of the project work. Pupils performed their oral presentations with confidence. The students had a great time and activities focused on different topics, games and competitions.

Testing the water-resistance of different materials.

A field trip to Classified in Tai Hang.

Students designed their own experiment for fair testing.

Introducing a family member's job.

Students took part in a very exciting competition.

Students shared their findings from the job corners in small groups.

Mathematics Day

In order to raise students' interest in learning mathematics, our school holds a Mathematics Day for all students every year. We provide opportunities for students to practise important mathematics skills including counting, addition, subtraction, times tables, measuring, shapes, fractions and decimals. Students had fun and played lots of Maths games.

P.1 students were especially excited as it was their first time to try the Mathematics booth games.

Students concentrating on solving the problems.

Every student tried hard and enjoyed the Mathematics booth games.

P.6 students helped to hold the booth games.
